

PERSHIV[®]
ALU SYSTEMS

Since 2006

Delivering “Trust”, Performance “Must”

An ISO 9001 : 2008 Certified Company

Since 2006, we have been crafting custom window and door solutions that not only enhance the beauty of your dream home but also provide exceptional value. Our extensive experience enables us to create products that surpass expectations in durability, security, and design.

We are dedicated to delivering products that stand the test of time, supported by a written warranty. Using premium materials and advanced locking systems, we ensure that your dream home is secure and protected. Our meticulously designed hardware and accessories are rigorously tested for optimal performance.

Our windows and doors operate smoothly, contributing to a serene and comfortable atmosphere within your home. We also offer noise reduction solutions through specialized glass configurations, ensuring superior sound insulation. With sleek aluminium systems that minimize sightlines, your dream home will achieve its ideal aesthetic.

Low maintenance is key; our products are built to withstand any weather conditions, requiring only occasional cleaning. Available in a wide range of finishes like glossy, matte, metallic, anodized, or wood you can easily find a style that perfectly complements your taste.

At the core of our business is a commitment to quality, security, and customer satisfaction, supported by years of industry expertise.

Vision

At Pershiv, we aim to turn your dream home into reality with exceptional quality and design.

We're dedicated to creating lasting relationships and beautiful, enduring products. Every person - client or team member - is crucial to us.

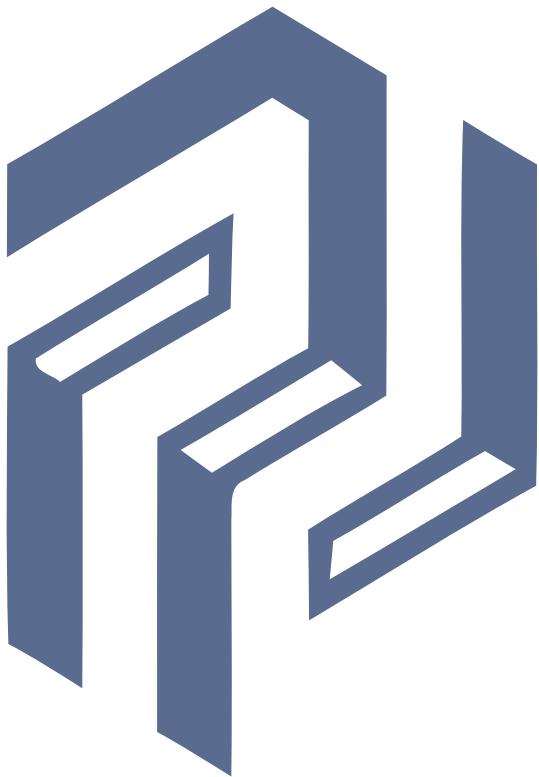

We uphold strong ethics, teamwork, and sustainability, positively impacting your home and the world.

Our mission is to create stunning, secure solutions for your dream home, blending exceptional design with top-notch security.

We are dedicated to delivering products that not only enhance the beauty of your space but also provide reliable protection, all while maintaining the highest standards of quality and service.

Mission

Why Pershiv?
